

Level Up Your Logic

Want to level up your logic? Here's a puzzle to work your brains!

The forgetful witch Hypatia is in trouble! The labels have fallen off 8 of her potions, and she has no idea what's what!

Can you help her match the 8 elixirs with the 8 bottles?

- Delphic Poison
- Chimera Milk
- Dragon Blood
- Reviving Potion
- Strength Elixir
- Merman Tears
- Cerberus Pee
- Werewolf Sweat

- Purple liquid
- Red liquid
- Green liquid
- White liquid
- Yellow liquid
- Empty bottle
- Orange liquid
- Blue liquid

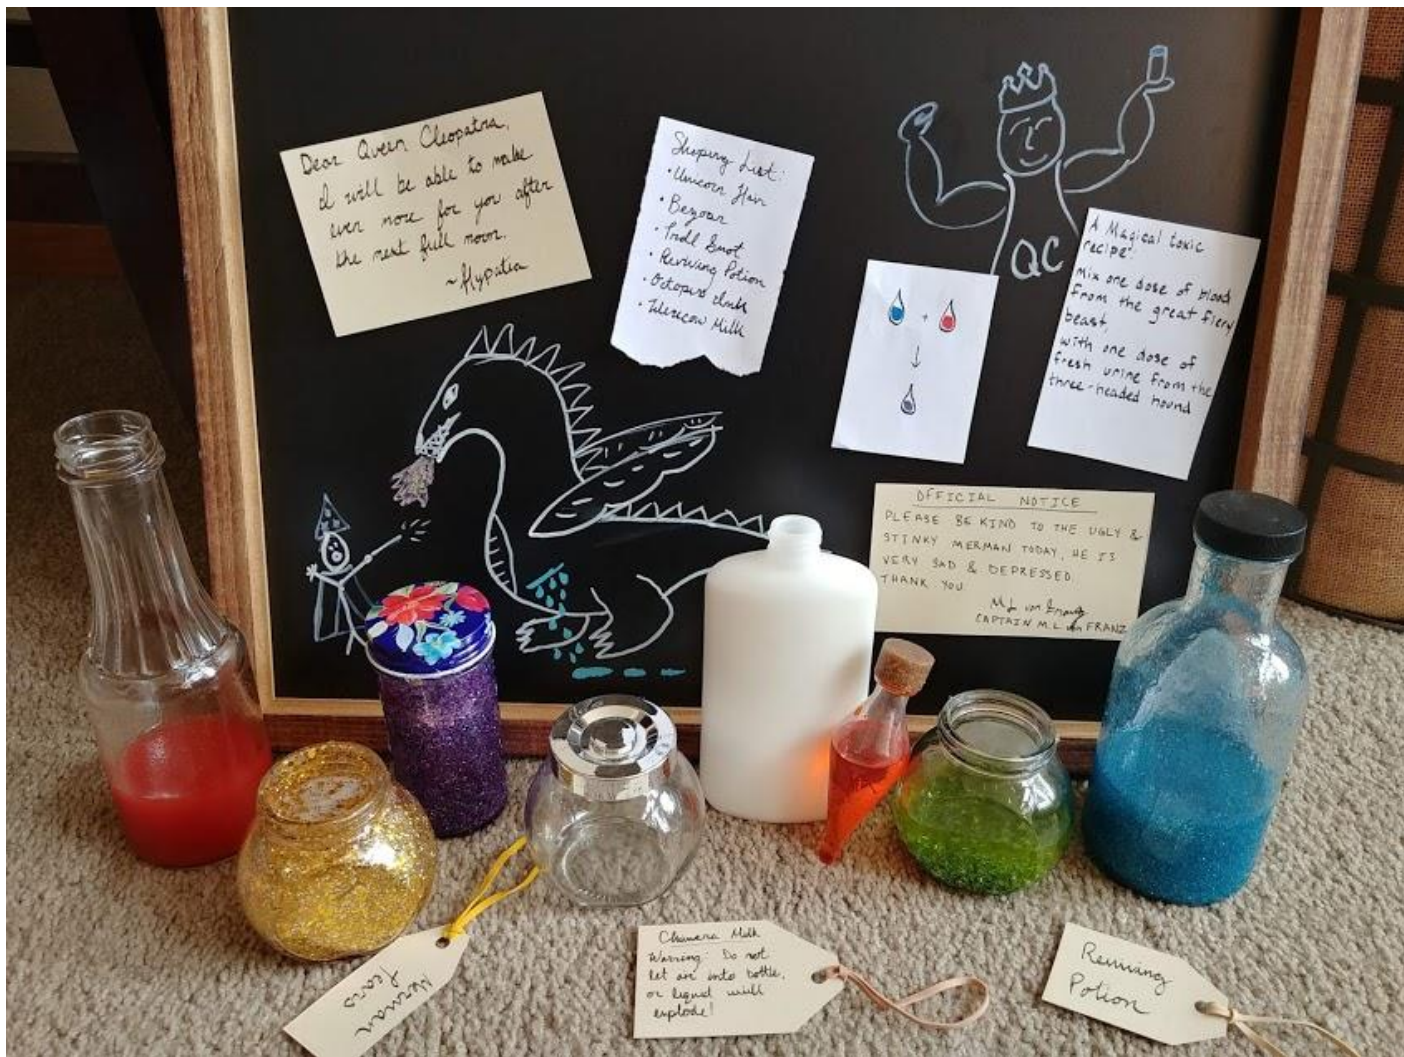

Tag a friend to figure it out cooperatively or compete with them to see who can finish it first and let us know! Share it so your other loved ones can play too!

We'll post the answer after you've had some fun puzzling it out!

You know how we feel about spoilers! Please do NOT post your answers. Let everyone have a chance to puzzle it out!

If you want to confirm your answer please message us or email Sammy at snieman@sunlib.org

When you're done please send us a photo of your team or your answers! I'll compile all the photos and share them in an album here on Facebook tomorrow!
