SUN PRAIRIE PUBLIC LIBRARY

LIBRARY BOARD MEETING
11 NOVEMBER 2021

SUN PRAIRIE
PUBLIC LIBRARY

01 / GOALS FOR SUCCESS

- Ensure that we serve the community needs for the next 20 years
- Grow with Sun Prairie socio- economic needs
- Improve infrastructure for comfort, aesthetics, safety, and security
- Core Values tied to physical space to reflect culture
- Provide adequate space to support collections and programs
 - Consideration for flexible space and outdoor spaces including a Maker Space
 - Space for Foundation Executive Director and Storage
- Remove barriers to serve all members of our community
- Provide more flexible access
 - • Consideration to maintain and enhance the drive-up window to serve patrons
- Be an example by being good stewards - financially, environmentally and culturally sustainable
- Library as an essential destination
- Promote and foster life-long learning and creativity
- Create an environment that continues to be comfortable...maintain current integrity of our “GEM” inside and outside
- Exposure to Art – local and national
- Facilitate communication using technology
- Provide broad collection access for the community

02 / SPARK / PUBLIC COMMENTS

- Consider security benefits of a single entrance
- Sight lines from staff to the entrances are important
- Provide separate access to the Media Center
- Consider retaining the porches, where feasible
- Consider the location of teen space related to adult
- Maximize the outdoor program space
- Provide a local history / genealogy space
- Consider the staff location related to the whole building and proximity to patrons
- Consider stormwater runoff and pervious pavers / concrete

03/ NEXT CHAPTER TEAM COMMENTS

- New restrooms should be single user, no gender assigned, with room for an adult and caregiver.
- Provide a third meeting space for public to reserve and reduce the size of the maker space
- Increase the outdoor spaces to the front and side of the building
- Refine staff spaces and locations
- RBBS/Cafe/Art Gallery should be co-located
- Provide computers closer near the ask desk, closer to the front/nosier area, but not disrupt sight lines
- Design should allow for merchandising and displays as patrons enter and throughout the library
- Teen space should be near Youth Services, but distinct
- Need for a safe, separate staff entrance
- Garage, book return and drive-up window location should be clearly defined.
- Provide local history and genealogy in Renk Room; room can be reserved as a meeting space
- Sound proofing for makerspace
- Sustainability tie-in for building components and education

04/ NEXT CHAPTER TEAM RECOMMENDATION

Options:

#5 as first choice

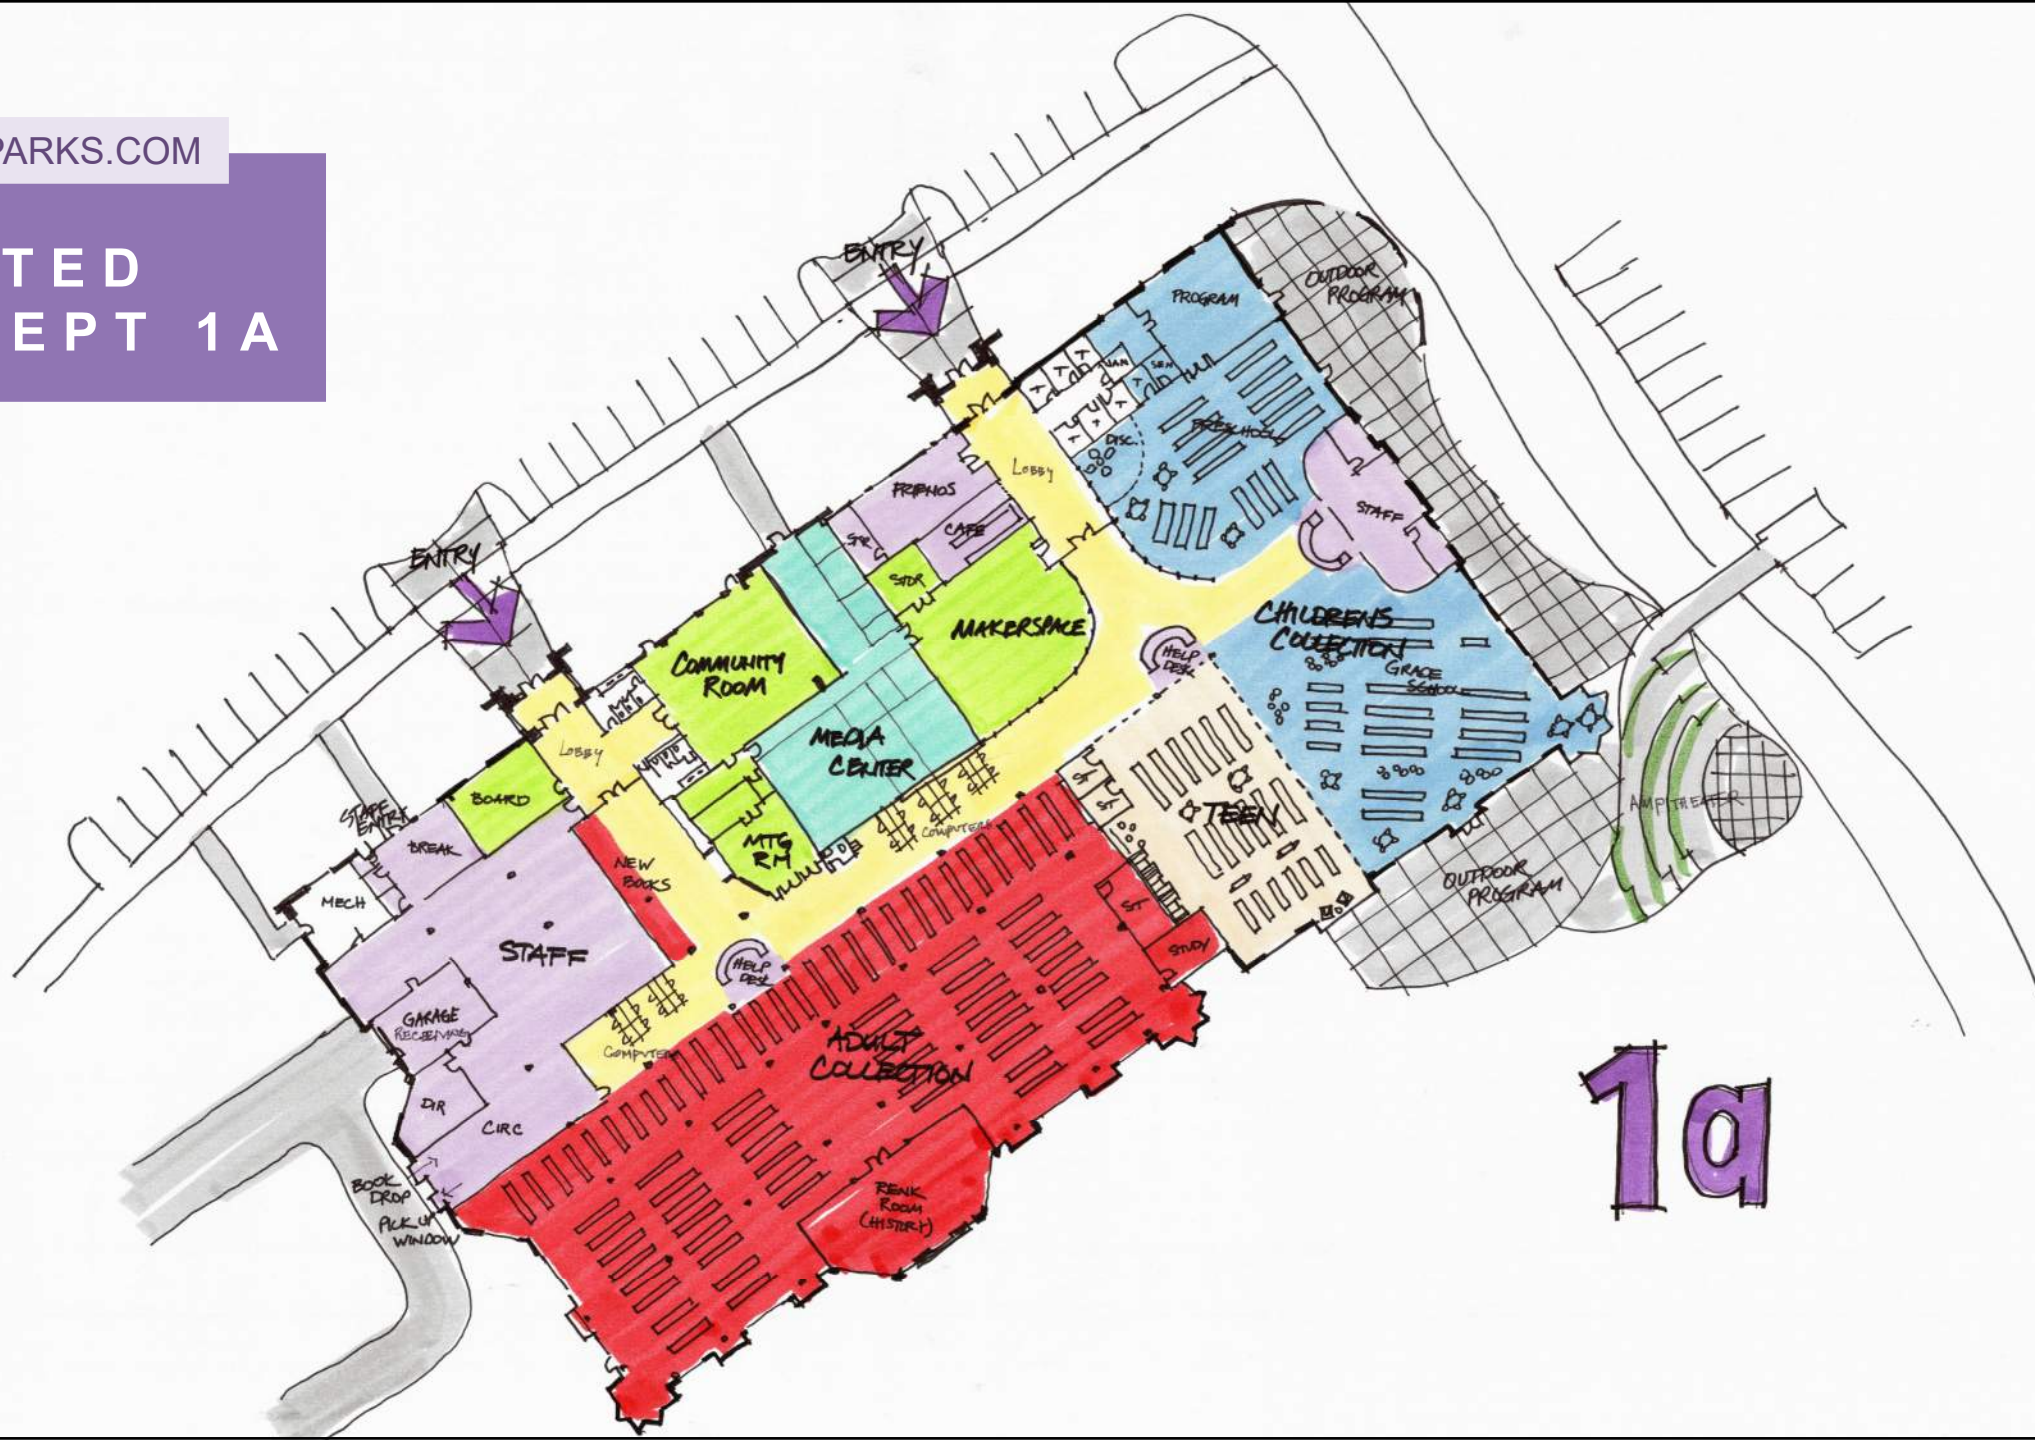

#1 as second choice

#3 as third choice

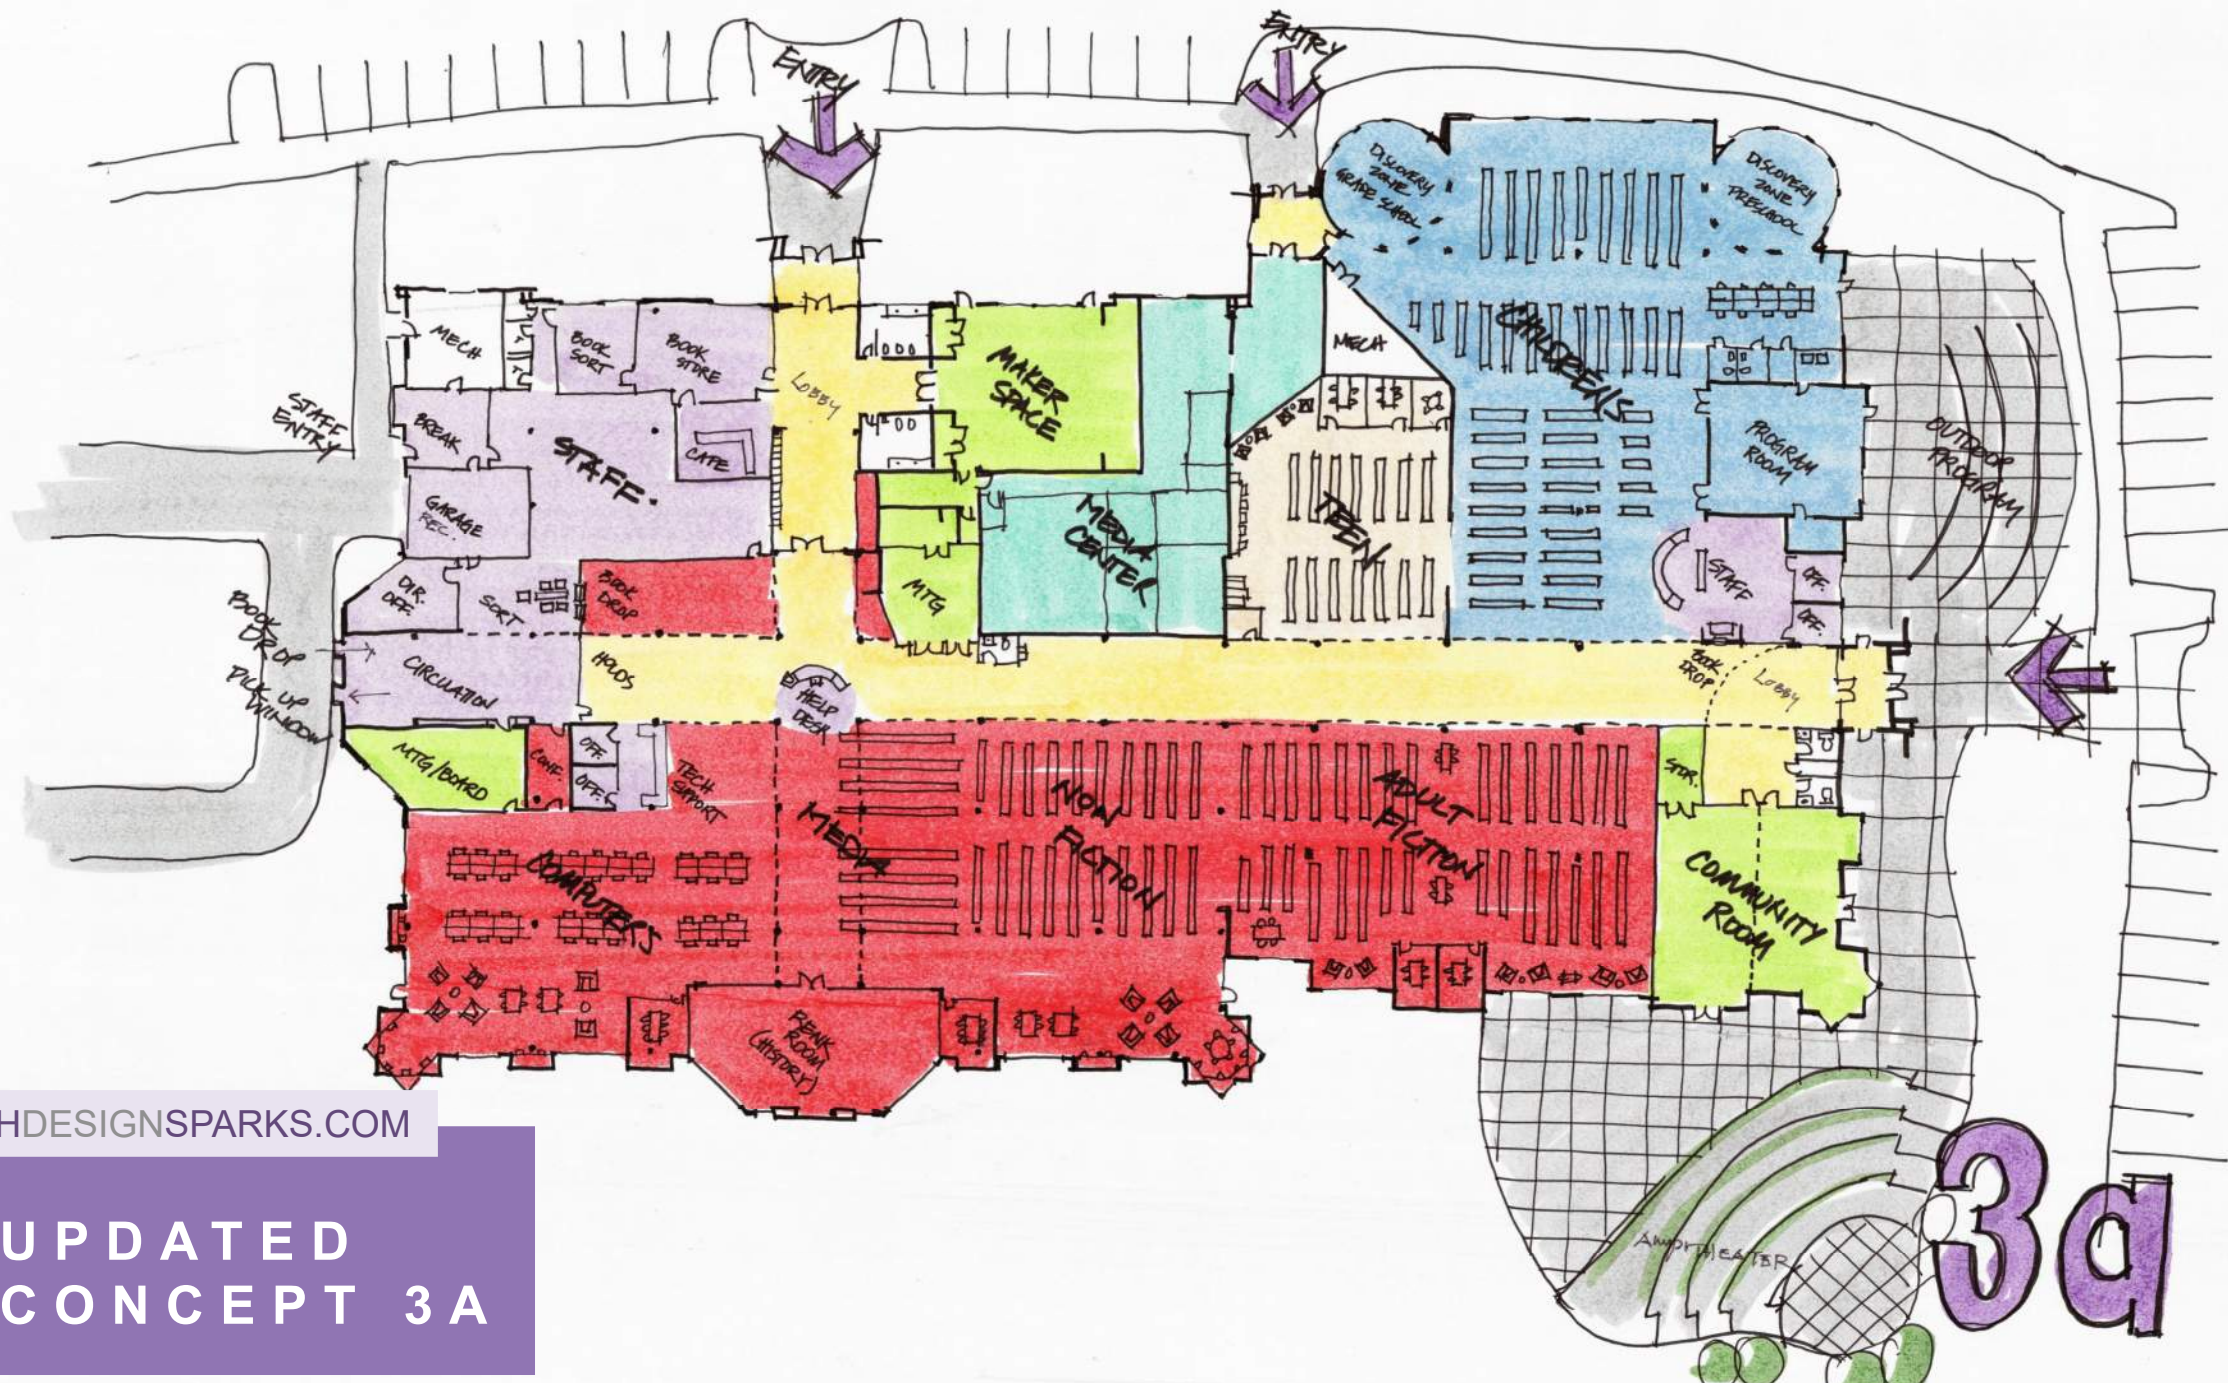

04/ UPDATED CONCEPT 1A

1a

FEHDESIGNSPARKS.COM

04/ UPDATED
CONCEPT 3A

[illegible]

05/ LIBRARY BOARD RECOMMENDATION

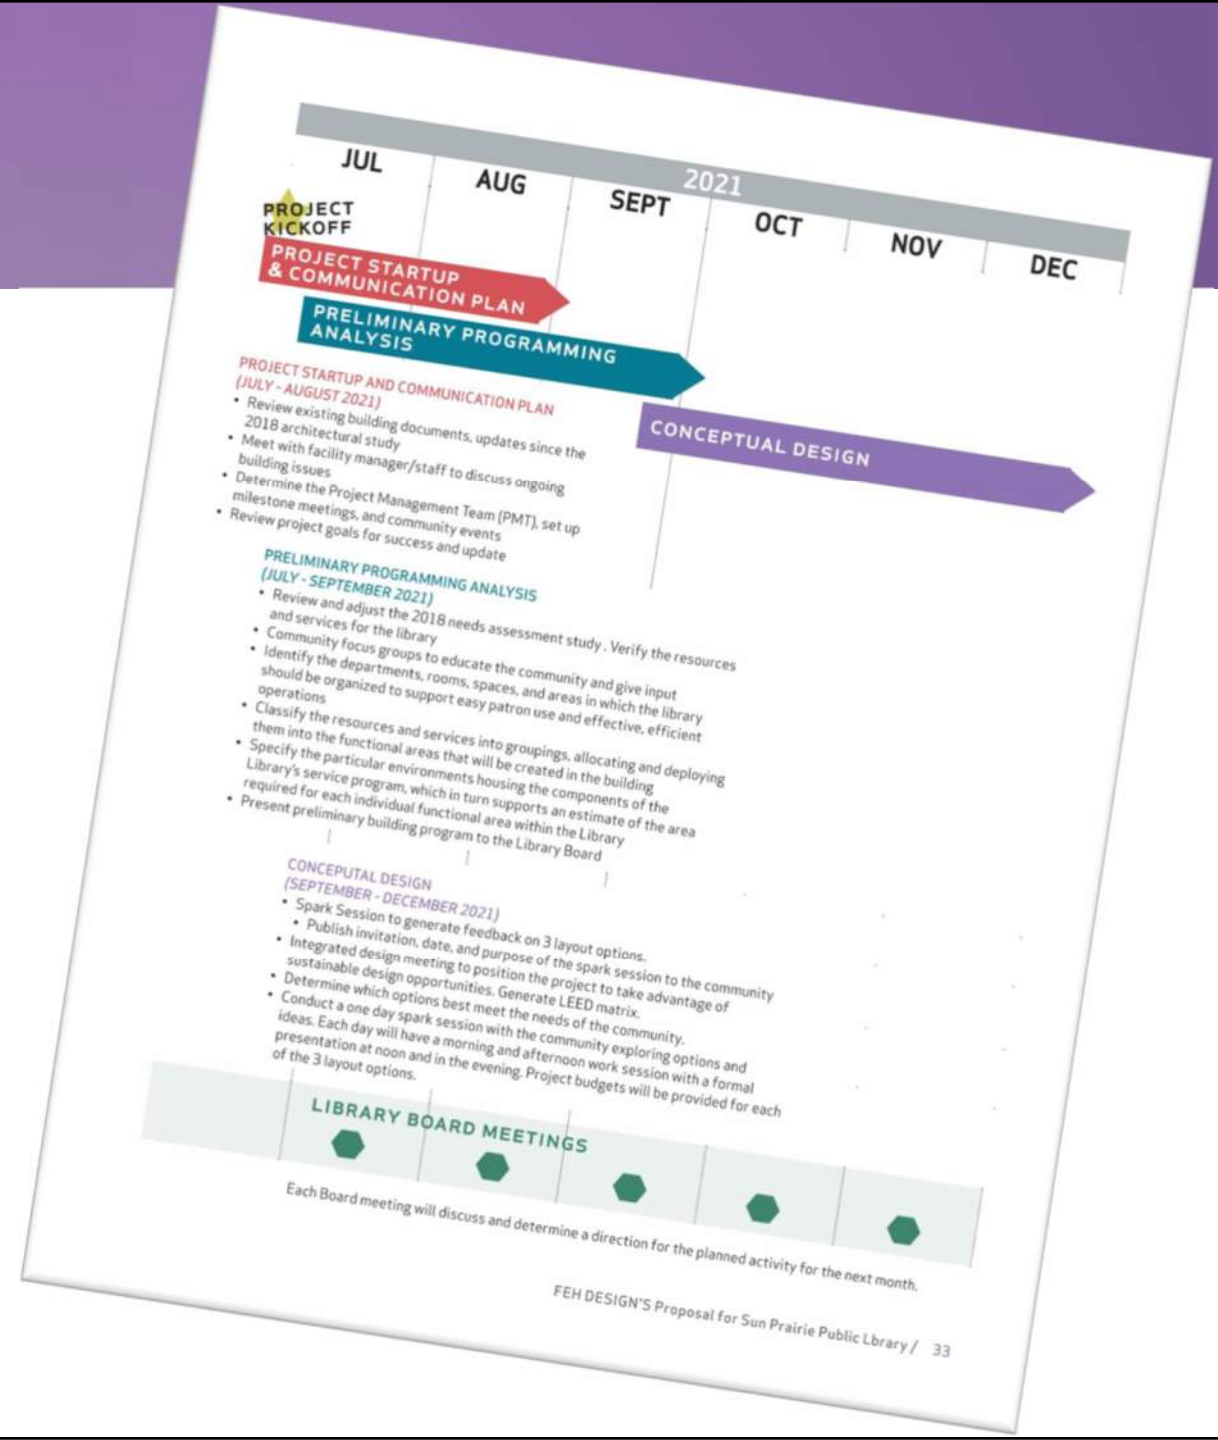

Which option is your preference?!

06 / TIMELINE

NEXT STEPS

- Select single option
- Conceptual design computer model generation
- Basic color and material selections
- 3 sets of renderings
- Construction cost estimate
- Conceptual design project booklet

Questions?

THANKS!
